WHAT IS MOSQUITO CONTROL?

The public’s perception

By Brett Ireland, Midland County Mosquito Control
A large part of the public thinks **THIS** is Mosquito Control
Although An Important Part

Aerial treatment and night-time fogging are actually just the tip of the iceberg.
Integrated Mosquito Management

- IMM is a technique based on knowledge of mosquito species and disease potential of an area

- Goals of IMM:
  1) Protect
  2) Promote
  3) Reduce
  4) Biological controls
  5) Source reduction
  6) Target specific
  7) Proper timing
  8) Minimize resistance
So What Else is Mosquito Control?

So How Do We Change Things?

I don’t always SEE what they do,

But I now UNDERSTAND what they do!
Public Education
Community Outreach
Continuing education of the public in ALL of the things that we do, leads to a better understanding of WHAT we do!
